* Height of Size No. 1 Bushings - 12mm through 22mm are approximately twice the diameter in height. 22mm through 50mm are 2" in height.

** This Bushing is furnished with 3/16" slot to accept the 2mm, 3mm and 4mm Cutters that have a 3/16" Reinforced Back.

All Bushing Diameters are held .001" to .002" under the Normal Bore Size. All Cutter Slots are held to .002" to .003" over the Basic Keyway Size. Prices will be quoted upon Request for Extra Length Bushings or Taper Bushings for Tapered Holes. All Bushings are cast iron. When ordering Non-Standard Size Bushings, drawings of the Parts to be Keyseated help to insure proper fits.

DELIVERY: Standard Bushings can be delivered from stock. For other than Standard Sizes, consult factory for delivery.

BUSHING HOLDERS: Only One Bushing Holder is required for each size range of Bushings.
